FARMING IN THE CITY
FISC 075-3 OR SOILS 375 • SPRING 2020 • 1 CREDIT

THE COURSE
Tuesdays, 3:30-5:30pm
January 21-March 10, 2020
Soil Science Room 253

This course is open to students enrolled in Farm and Industry Short Course, UW-Madison students and community members.

Instructor: Marcia Caton Campbell, marcia.catoncampbell@resilientcities.org (course inquiries)

THE DETAILS
Learn production and business practices of urban and peri-urban farming: land access, resource management, annual and perennial cropping systems, animal agriculture, and business management, with an emphasis on food justice and social equity.

For more information on the School for Urban Agriculture, contact Martin Bailkey, bailkey@sbcglobal.net; cias.wisc.edu/sua

This course is part of the School for Urban Agriculture, a partnership of the Center for Integrated Agricultural Systems and Farm and Industry Short Course at UW-Madison, the Center for Resilient Cities, Community GroundWorks, and the Michael Fields Agricultural Institute.
